

Hello Kindergarten Families!

This week we will be learning about the ocean and the creatures that live in it. We will read the Scholastic Weekly Reader, *Oh, It's an Otter!* We will do a Science activity to help us see why salt water helps sea creatures to float.

In Math we will practice counting and writing to 200 and writing number words 0-10. In Language Arts we will read the starfall.com book, *Car Race*, and the Decodable Book, *A Big, Big Van*. We will also go visit our Pre-K buddies on Wednesday to read to them. In Social Studies we will learn about holidays, including Memorial Day, and why we celebrate them.

This Friday, May 28, is Field Day for kindergarten! You will receive more information from Miss Lori to let you know the details. Unfortunately, I will be going out of town for Memorial Day and will not be here this Friday☹. Miss Misty and I have planned some fun activities for the kids. I'm sure they will have a blast!

If you ever have any questions, comments, or concerns please feel free to talk to me in person or you can email me at gguthrie@cducation.org.

Have a great week!

Miss Gillian Guthrie
